Flag Hill Wines

FLAG HILL IS NEW HAMPSHIRE'S OLDEST WINERY AND LARGEST VINEYARD. FLAG HILL WAS FIRST STARTED AS A WINERY IN 1990 BY ORIGINAL OWNERS, FRANK & LINDA REINHOLD. FOR MANY YEARS, AN AMERICAN FLAG WAS DISPLAYED ATOP THE HILL. AT ITS FOUNDING, THE NAME FLAG HILL JUST SEEMED TO FIT. TODAY, THIS NAME REPRESENTS OUR RESOLVE TO SHOW WHAT CAN BE GROWN AND MADE RIGHT HERE ON THIS LAND. OUR GOAL IS NOT TO MAKE GREAT WINE FOR NEW HAMPSHIRE, IT'S TO MAKE GREAT WINE...PERIOD.

WE GROW THE GRAPES BECAUSE WE KNOW THAT QUALITY WINE IS FIRST MADE IN THE VINEYARD. WE HAVE AROUND 15 ACRES OF GRAPES AND WE ONLY MAKE GRAPE WINES WITH THE TYPES OF GRAPES THAT WE GROW HERE. WE HAVE 4 WHITE VARIETIES, CAYUGA WHITE, VIGNOLES, LA CRESCENT AND NIAGARA. WE ALSO GROW TWO RED VARIETIES, MARECHAL FOCH AND DE CHAUNAC. WHILE WE DO NOT GROW THE FRUIT FOR THEM, WE ALSO MAKE A NUMBER OF FRUIT WINES THAT CAN OFTEN APPEAL TO THE WINE SKEPTICAL. THEY ARE BOLD AND LIVELY.

Key Takeaway

WE MAKE WORLD-CLASS, AROMATIC WHITE WINES. WE MAKE THEM WITH THE GRAPES GROWN ON OUR PROPERTY. YOU SHOULD LEAVE HERE HAVING TRIED AT LEAST ONE!

**VIGNOLES
LA CRESCENT
CAYUGA WHITE**

White Wines

OUR WHOLE WINEMAKING SYSTEM IS SET UP TO OPTIMIZE THE PRODUCTION OF BOLD AROMATIC WINES. WE HARVEST THE GRAPES EARLY IN THE MORNING WHEN THEY ARE COLD. WE ARREST FERMENTATION TO PRESERVE THE NATURAL SUGARS WHILE PROTECTING THEM FROM OXYGEN TO PRESERVE THEIR DELICATE & DELICIOUS FLAVORS.

FLAG HILL SPIRITS

Flag Hill is New Hampshire's oldest distillery. In 2004, when regulations of distilleries loosened to make craft distilling feasible, the owners saw the possibilities of adding a still. We were the first legal distillery added since prohibition. You might think that grapes would be the first thing we would have distilled but our grapes are so precious to our winemaking, so we looked elsewhere and settled on locally grown apples to make vodka, gin and apple brandy.

As our portfolio expanded to include liqueurs, rums and whiskeys, we began growing our own grains (corn, rye, & wheat) to start supplying our needs for whiskey. We knew that we needed better grain to make better whiskey. Just like our grapes, so that meant growing it ourselves. So now grains are sown beside our grapes.

KEY TAKEAWAY

Flag Hill is one of only a few farm distilleries in the country. We grow corn, rye and wheat alongside our grapes. Better grain makes better whiskey, so we invest heavily into our growing system to build healthy, fertile soil. For that investment, our land gets stronger and our whiskey tastes better and unique to the place it is made. Give it a try.

VODKA/GIN

Once you distill a product to 95% Alcohol, it becomes a neutral spirit that you can make into vodka or gin. It doesn't matter what you ferment, so neutral spirits can be made from grains or fruit.

Molly Stark Vodka

40% ABV

A limited edition of our General John Stark, our first spirit product in the distillery. Same liquid, different label. This vodka is made from crisp NH apples and triple distilled for an ultra-smooth taste.

BOTTLE PRICE:

Bold lemon and grapefruit notes meld with a light floral note and just enough juniper.
